### *Patron's Message*

My heart fills with immense pleasure as I perceive the progress being made at Noble International school and I am proud to be an integral part of such a vibrant and exuberant family. A school is a place where young aspirants meet each other with a spirit to learn and possess the best outcomes which overflow spontaneously throughout the year having an intention to mould the bright generations of the present era. Our school visualizes the overall development and behaviour modification of each and every child. Upholding the rising needs of every single individual and elevating the personal growth to conquer the vertex of success, the school has predominantly taken some great decisions to cope with the needs of students and to transform them into responsible citizens to face any challenges that they may encounter in their future lives.

### *Principal's Desk*

Success is not an accident. It is the result of your attitude, and your attitude is your choice. Success to the children can be written by the team work, with the dedicated team work of teachers, students and parents. One cannot remain complacent, and attempt to spend life, basking in the glory of the past. There is no doubt that in order to enhance performance, to build potential and to face the frequent changes, we have to create an environment that will enable our students to face the challenges courageously and successfully to become ideal citizens of tomorrow.

*Dear parent,*

The choice of a school is one of the most significant decisions that any parent has to make. We have a highly skilled team of teaching and non-teaching staff, whose chief aim is to provide a safe, caring and happy environment for the children, where they feel valued, and able to explore new heights of success. We give maximum care to the students with innovative experiences that help them to develop both academically and intellectually. Digital boards and multi-media classrooms facilitate real-like exposure to students. Sports, Physical training, art, music and dance classes help students bring out the best from their innate talents.
